# WELCOME

Burleigh Heads Language College (BHLC) is a different school. It's not just about studying textbooks and talking with teachers. It's about connecting with friends, having a laugh, playing outside and most importantly learning English as naturally as possible. You will enjoy a rich balance of activities that include Virtual Reality experiences and Speaking-lab challenges to form strong foundations for English communication. We will make sure that you are placed in a class that best suits your English level and our staff and teachers will provide you with ongoing assistance and support during your stay.

Surfing, skating and more surfing! BHLC knows that location is important so our campus is nestled in the heart of Burleigh Heads, a holiday destination on the thrilling Gold Coast. When you aren't learning English at our school, you will be exploring different point breaks along the coast, skating parks, local markets and enjoying the exciting night-life around this strategic spot.

So what's stopping you from joining the coolest school on the Gold Coast?

# TOP BREAKS

## BURLEIGH POINT

Burleigh should appear in the dictionary next to "Perfection". A great right-hander, forming off some small boulders next to a picturesque headland, marches around the shoreline over the sand bottom.

Best Condition: Up to 2-3 meters, with the swell from the S-SE and winds from the S-W.

## KIRRA

A Classic barreling right-hander, breaking in shallow waters off rock groyne. The sandy bottom creates either a religious experience, a fast track to the emergency room, or a surf shop to replace the board.

Best condition: SE-S Swells and SW-E winds.

## SNAPPER ROCKS

The Wave of the moment also the most crowded. In the recent times it has produced the longest and most hollow waves going. You'll want to be pretty handy on your stick and from the moment you jump off the rocks it's going to be intense. Be prepared.

Best condition: S-SE Swells and SW-SE Winds.

## DURANBAH

A Multitude of short and punchy right and left-handers along a short stretch of beach.

Best Conditions: 1-2.5 SE-S Swell, NW-SE wind, most tides.

# ABOUT OUR COURSE

If you want to access higher education, work or migrate to a country where English is the native language, the International English Language Testing System (IELTS) will help you to demonstrate your English ability. Achieving the right score on the test will allow you to study vocational and university programs and apply for working and skilled visas.

Our 12-week IELTS Preparation course is aimed at developing the core IELTS English skills of reading, writing, listening and speaking, as well as the key strategies for success during the test, to help students achieve their target score. We also provide you with our latest technology using the Speaking Lab to simulate the IELTS Speaking Test and tell you the key points you need to improve.

**Course Start Dates: Every Monday**  
Except public holidays.

**Course Duration: 12-24 Weeks**  
20 hours per week  
(plus self-access self-study).

**Campus: Burleigh Heads**

# WELCOME TO THE FUTURE!

**We provide learning experiences that are impossible to deliver in the traditional classroom.**

We use Virtual Reality (VR) technology to create immersive environments that allow students to experience ESL content more creatively and engagingly.

In these virtual worlds, students can interact with teachers, other students and objects in a 3D environment, allowing more effective face-to-face communication.

# SPEAKING LAB

# THE WAY TO IMPROVE YOUR PRONUNCIATION!

Experience the fun of learning English with the Speaking Lab. Speak, learn, and boost your English in our interactive environment. We record your voice for you to listen back and improve your pronunciation.

Using the speaking lab built into your course will help you become a confident English speaker. It is easy and fun and may even give you the necessary confidence to hold face-to-face conversations in real situations.

For many, the speaking lab takes your learning beyond the material covered in class and provides you with immediate and measurable results.
